

### String Instrumental Music: Expression of Interest

Dear Parents/Caregivers,

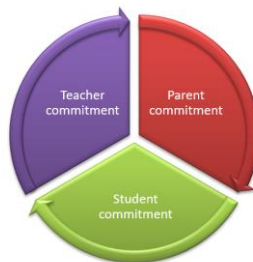

The String Program at Mudgeeraba Creek State School is currently recruiting new students for 2026. Students enrolled for Year 3 for 2026 now have the opportunity to audition for a position in the Program. Classes for children in year 3 (2026) will be held for the following instruments:

- **VIOLIN and VIOLA** students are able to purchase their own instrument or hire a school instrument to enter the Program.
- **CELLO** students are able to purchase their own instrument or hire a school instrument to enter the Program.
- **DOUBLE BASS** students are able to hire a school instrument.

Your child has expressed interest in joining the String Instrumental Music Program for 2026. If you would like your child to participate in further testing for entry into the Program please fill out the form below and return to the Office by **Tuesday 9th September**. There is no commitment required at this stage. **Testing will take place with appropriate social distancing and hand sanitization measures in place.**

**Please consider your child's current extra curricular activities before returning this form.** A time commitment accompanies this Program. All musicians will need some time to play at home every week if accepted.

**Please note: The String Program is not a "warm up" Program for the Band Program.** Testing for inclusion in the Band Program is available in term 4, for year 3 students wishing to commence in year 4. String students will not be permitted to exit the String Program in order to participate in the Band, however selected students will be allowed to be members of both Programs.

Yours faithfully,

Kylie Krick  
String Teacher

Ben Morris  
Principal

### String Instrumental Music Testing 2026

My child \_\_\_\_\_ in class \_\_\_\_\_ would like to be tested for possible inclusion in the String Instrumental Music Program. I understand there is no commitment required at this stage.
